ARTIST'S BIOGRAPHY — LINDA CUCCURULLO

More than four decades ago Konica launched AUTOREFLEX — the first fully-automatic exposure control and metering through the lens (TTL) camera. That camera not only launched the “point and shoot” revolution of SLR accessibility for the masses, but — as Linda Cuccurullo’s first camera — it launched what would become for her a life-long love and passion for photography.

Since then, Linda’s award-winning photography has been exhibited extensively, including group shows at Gallery Sitka, Canvas Fine Arts, the Liberty Hotel, the Four Seasons Residences, Wheaton College and the Artists’ Representative Art Gallery, in addition to over a dozen one-woman shows in the Cambridge and Boston areas, as well as Shirley, MA, and Martha’s Vineyard.

She won an MIT photo contest award and her images have been published and reviewed in various newspapers, catalogues and other publications. Most recently her work has been featured in “It’s all about arts”, an online magazine covering local arts and culture in the Greater Boston area.

Her images primarily document the social and architectural milieus of many countries, including Italy, France, the United Kingdom, Mexico, and Indonesia. In her efforts to capture the essence of places, she has combined her passion for photography with a love of food, wine, and travel.

Linda took a bartending class a number of years ago, and loved the idea of making cocktails which not only tasted amazing but were also visually stunning. The combination of this new love with her love of travel, and beautiful environments, resulted in her recent focus and passion for cocktail photography.

Linda holds a BA in German and Psychology from Wheaton College and a Master of Library and Information Science from Simmons College. She also studied at Harvard Extension, Boston Architectural College, MIT, and Orbitlingua in Orbetello, Italy.

Although she worked for many years as a librarian at MIT, currently she focuses on her photography at her seaside condo/studio in Hull, MA...Otherwise, Cuccurullo might be found shooting, eating and drinking at a new-found foreign destination.

HISTORY OF GALLERY SITKA

Gallery Sitka™ opened in May 2014 and was part of Sitka Creations®, a design studio. We adopted the name Gallery Sitka™ in August of 2015.

We opened another location on Friday, July 8, 2016, in downtown Fitchburg, MA. Our Ribbon Cutting was at 10 AM on July 8th and our Grand Opening and Solo Reception for Gosha Karpowicz was on July 9th from 1-4 PM. On December 1st, 2018 we closed our Fitchburg location. On June 15, 2019 we opened a tiny gallery in Shelburne Falls, MA which we closed on November 1, 2019. We currently operate out of our Shirley, MA mill space at The Phoenix Park.

We hold art exhibits in our space in Shirley. We also manage the Artist's Walkway at The Bull Run in Shirley, MA, as well as a number of other restaurants and offices in New England and in NYC.

MISSION

Our mission is to support the arts, to be part of the creative economy and provide a space for emerging artists to be seen and to have the experience of showing their work in a gallery-style atmosphere.

In terms of the style that we wish to share with the public, we feel like one of our favorite artists, Ilse Buchert Nesbitt, that "art should uplift". To that end, the work that we carry enhances and beautifies spaces. Generally, the shows we host do not attempt to create conversation relating to political or social situations in our world today. The style we focus on is abstract contemporary.

In terms of policies on work that we accept, as we are a family-friendly gallery, we limit the amount of nude work that comes in the door. We also do not wish to display work that makes grand political, religious or social statements, preferring to beautify our walls and provide refreshment to viewers, than to engage in deep conversations via the work about the state of the world. We hope you will find the work we display encouraging and uplifting.
